Chairman's Message

SJDM laid its foundation stone in 2007. Since its establishment, till date, it has developed manifold. The institute with its soothing environment and its modern facilities, is being run with all the necessary latest gadgets.

The institute, with its efforts, has established its excellent facilities, for human resources, has constructed an extraordinary bridge, and for learning is presenting a crossroad environment and besides academic activities, all round personality development, sports, social etiquettes etc are also emphasized.

The objective of the institute is modern/latest science, education in the field of technology, Commerce and research. From our view point, we must provide academic activities progressing with the youth energy and converting challenges into profits.

It is with our utmost effort that we develop our students by training and making them skill efficient so that they can outshine themselves in their field.

MISSION

At Shri Jain Diwakar Mahavidyalaya, we aim at continuing advancement of the quality and relevance of our relations with external entities. We seek to fulfill these aspirations through discovering new knowledge, creating meaningful learning experiences, preparing our students for successful professional career, developing mutually beneficial partnerships and building distinction by enhancing the reputation of the college.

Principal's Message

It is the prime duty of a great teacher to develop a student in the form of a skilled human resource of the nation by making his all round development in the same way as a sculptor with his hard work and skill carves out a beautiful statue from a rock

It is of utmost importance that a student's all-round development is taken care of.

Thus, it has been taken care of that students gain practical knowledge with the help of regular teaching through modern techniques, educational tours organizing various workshops and seminars and practical training in computers in high-tech laboratories. Full and complete care is taken to impart skill development in students to cater to their future requirement.

The college was established for over a decade ago and it has made an indelible mark of its own. The college invites you to join hands and take the first step and initiative by enrolling yourselves in this college. Warm Welcome and greetings to all.

VISION

Transforming lives through academic excellence, innovation and leadership.

Excellence- To excel in higher education and in consultancy through continuous interaction with the industry.

Innovation- Eternally searching, learning and growing with the belief that the best way is one which satisfies our student's aspirations to future challenges and to prove an asset for the organization they join.

Leadership- To bolster the standard of higher education in the best possible way in tune with the global trends to cater to the needs of our nation in general and society in particular.
